COLLECTION

Our collection includes office, kitchen, and occasional furniture. We offer various selections of wood species, stain colors, and hardware. Each piece in our line is crafted and signed by our craftsmen in our Pennsylvania facility right here in the U.S.A.

Hairpin Furniture

The hairpin leg is a classic design dating to mid-century. We add these legs to our modern design ideals of cutting excess, practicality of materials, and a design heavily influenced by straight, clean lines.

Mission Furniture

The mission style furniture emerged in the southwest United States during the 1800s. Mission style is a design that emphasizes simple horizontal and vertical lines and flat panels that accentuate the grain of wood. With little waste and a sense of balance, mission furniture connects us with nature, and portrays a sense of serenity.

Shaker Furniture

Shaker furniture is a distinctive style of furniture developed in the northeast United States in the early 1800s by the Shakers. Shakers had guiding principles of simplicity, utility, and honesty. Their beliefs were reflected in the well-made and durable furniture.

Our craftsmanship and attention to detail combine to give you an heirloom quality of art that also provides generations of solid usefulness.

You will find many options for your home in the following pages.

Care of Hardwood Furniture

Tips on how to care for your solid hardwood furniture:

With proper care your furniture will provide years of enjoyment and will be family heirlooms. Maintain a humidity controlled environment. Your home should be kept in the 35 to 45% humidity range to prevent warping, cracking, and excessive expansion or contraction of solid wood panels, etc.

Avoid placing your furniture in continued direct sunlight or direct heat such as near furnace ducts, or radiators.

Clean with water using a soft sponge or cloth.

Dry immediately with a soft cloth. Avoid polish that contains any silicones.

All products signed and dated for authenticity.
